		Section II	
Hours Required	Hours Obtained	Mandatory Core Content	Date Completed
•	•	Airway, Breathing and Cardiology	
		Provide ventilatory support for a patient	
•		Attempt to resuscitate a patient in cardiac arrest	
6		Provide care to a patient experiencing cardiovascular compromise	
		Provide post resuscitation care to a cardiac arrest patient	
		Medical Emergencies	
		Assess and provide care to a patient experiencing an allergic reaction	
2		Assess a patient with possible overdose	
2		Assess and provide care to a near-drowning patient	
	•	Trauma	•
		Perform a rapid trauma assessment	
		Assess a patient with head injury	
		Assess and provide care to a patient with suspected spinal injury	
4		Provide care to a patient with a chest injury	
		Provide care to a patient with an open abdominal injury	
		Provide care to a patient with shock/hypoperfushion	
	•	Obstetrics and Pediatrics	•
		Assess and provide care to an infant or child with cardiac arrest	
6		Assess and provide care to an infant or child with respiratory distress	
O		Assess and provide care to an infant or child with shock/hypoperfusion	
		Assess and provide care to an infant or child with trauma	
Hours Required	Hours Obtained	Flexible Core Content	Date Completed
109011100		Airway, Breathing and Cardiology	
		Assess and provide care for respiratory distress in an adult patient	
0		Preform techniques to assure a patent airway	
6		Use oxygen delivery system components	
		Assess and provide care to a patient experiencing non-traumatic chest	
		pain/discomfort	
		Medical Emergencies	
		Assess and provide care to a patient with an altered mental status	
		Assess and provide care to a patient with a history of diabetes	
		Assess and provide care to a patient experiencing a seizure	
4		Assess and provide care to a patient exposed to heat or cold	
		Assess and provide care to a patient experiencing a behavioral problem	1
		Assess and provide date to a patient experiencing a seriavioral problem	
		Assess and provide care to a patient experiencing a behavioral problem Assess and provide care to a patient with a suspected communicable disease	
		Assess and provide care to a patient with a suspected communicable disease Trauma	
1		Assess and provide care to a patient with a suspected communicable disease	
1		Assess and provide care to a patient with a suspected communicable disease Trauma	
1		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics	
1		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect	
6		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient Provide care to the newborn	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient Provide care to the newborn	
6		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient Provide care to the newborn Provide care to the mother immediately following delivery of a newborn Operational Tasks	
		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient Provide care to the newborn Provide care to the mother immediately following delivery of a newborn Operational Tasks Use body mechanics when lifting and moving a patient	
6		Assess and provide care to a patient with a suspected communicable disease Trauma Provide care of patient with a painful, swollen, deformed extremity Assess and provide care to a patient with a burn injury Obstetrics and Pediatrics Assess and provide care to an infant or child with suspected abuse or neglect Assess and provide care to an infant or child with a fever Assess and provide care for the obstetric patient Provide care to the newborn Provide care to the mother immediately following delivery of a newborn Operational Tasks
